G GENERAL GUIDE

Full-time enrolment: A qualified post-secondary education program in Canada is an educational program that requires a student to spend 10 hours or more per week on courses or work in the program and the program lasts three consecutive weeks or more.

Part-time enrolment: A specified educational program refers to a program at a post-secondary school level that is not less than three consecutive weeks in duration and requires a student taking the program to spend not less than 12 hours per month on courses in the program.

EAP Limits: Full-time enrollment within the *first 13-week* is \$8,000. Once the student has completed 13 consecutive weeks of enrolment, there is no withdrawal limit but the student must continue to qualify for EAP. Should a 12-month period pass in which the student is not enrolled in a qualified post-secondary education program, the full-time limit will re-apply. Part-time enrolment is \$4,000 for every 13-week period. If an EAP request exceeds \$8,000 for full-time studies and \$4,000 for part-time studies where the beneficiary is enrolled for fewer than 13 consecutive weeks an approval is required from Employment and Social Development Canada (ESDC).

Post-secondary Educational Institution: A university, college, or other designated educational institution in Canada; an educational institution in Canada certified by ESDC as offering non-credit courses that develop or improve skills in an occupation; or a university or college outside Canada that has courses at a post-secondary school level at which the student was enrolled on a full-time basis in a course of not less than three consecutive weeks.

Non-Resident Withholding Tax: Where EAP is requested for a confirmed non-resident beneficiary a 25% non-resident tax will be withheld for CRA reporting. Grants will remain in the RESP or refunded to ESDC and/or Revenue Québec at the subscriber's letter of direction.

Supplemental documents: Documentation in the form of a timetable, tuition fee breakdown, previous year's proof of enrolment, letter of acceptance, or offer of admission are not valid proof of enrolment. These may only be provided to supplement a valid proof of enrollment.
